TTMS Software SDN Bhd. - Polish
technology leader opens its branch
in Malaysia

2017-04-20 13:35:00

Transition Technologies Managed Services (TTMS), a Polish subsidiary of Transition Technologies Capital Group providing modern IT solutions, has opened its next branch. This time in Kuala Lumpur.

Transition Technologies Capital Group, which includes TTMS, had so far 9 offices in Poland and 3 abroad - in Germany, United Kingdom and in the United States. This year, at the beginning of March the company had opened its brand new office in Malaysia.

The specialty of TTMS is outsourcing of IT services, providing the latest solutions in the field of mobile technology, databases, and custom software development. In the Malaysian branch of TTMS Software SDN Bhd., only until the end of this year, will be employed 30 IT professionals.

Expanding the Capital Group's business to a demanding Asian market was due to the need to support its existing strategic partners in Asia Pacific (APAC). It is also an opportunity for new business contacts and interesting projects.

The Transition Technologies Group has been operating in the Polish market for more than 26 years, providing advanced technologies and solutions for customers in the energy, gas, industry and bioinformatics markets. It provides comprehensive outsourcing of IT services and software production to many global corporations and employs more than 1000 people in total.
